Cottona ♥ Outdoor Dining

There is nothing better than relaxed dining outside for long afternoons and evenings. The healthy outdoor air, the natural light, sultry summer evenings, beautiful views, good company, suitable background music, freshly prepared food and a beautifully decorated terrace make this a unique atmosphere that stimulates all the senses.

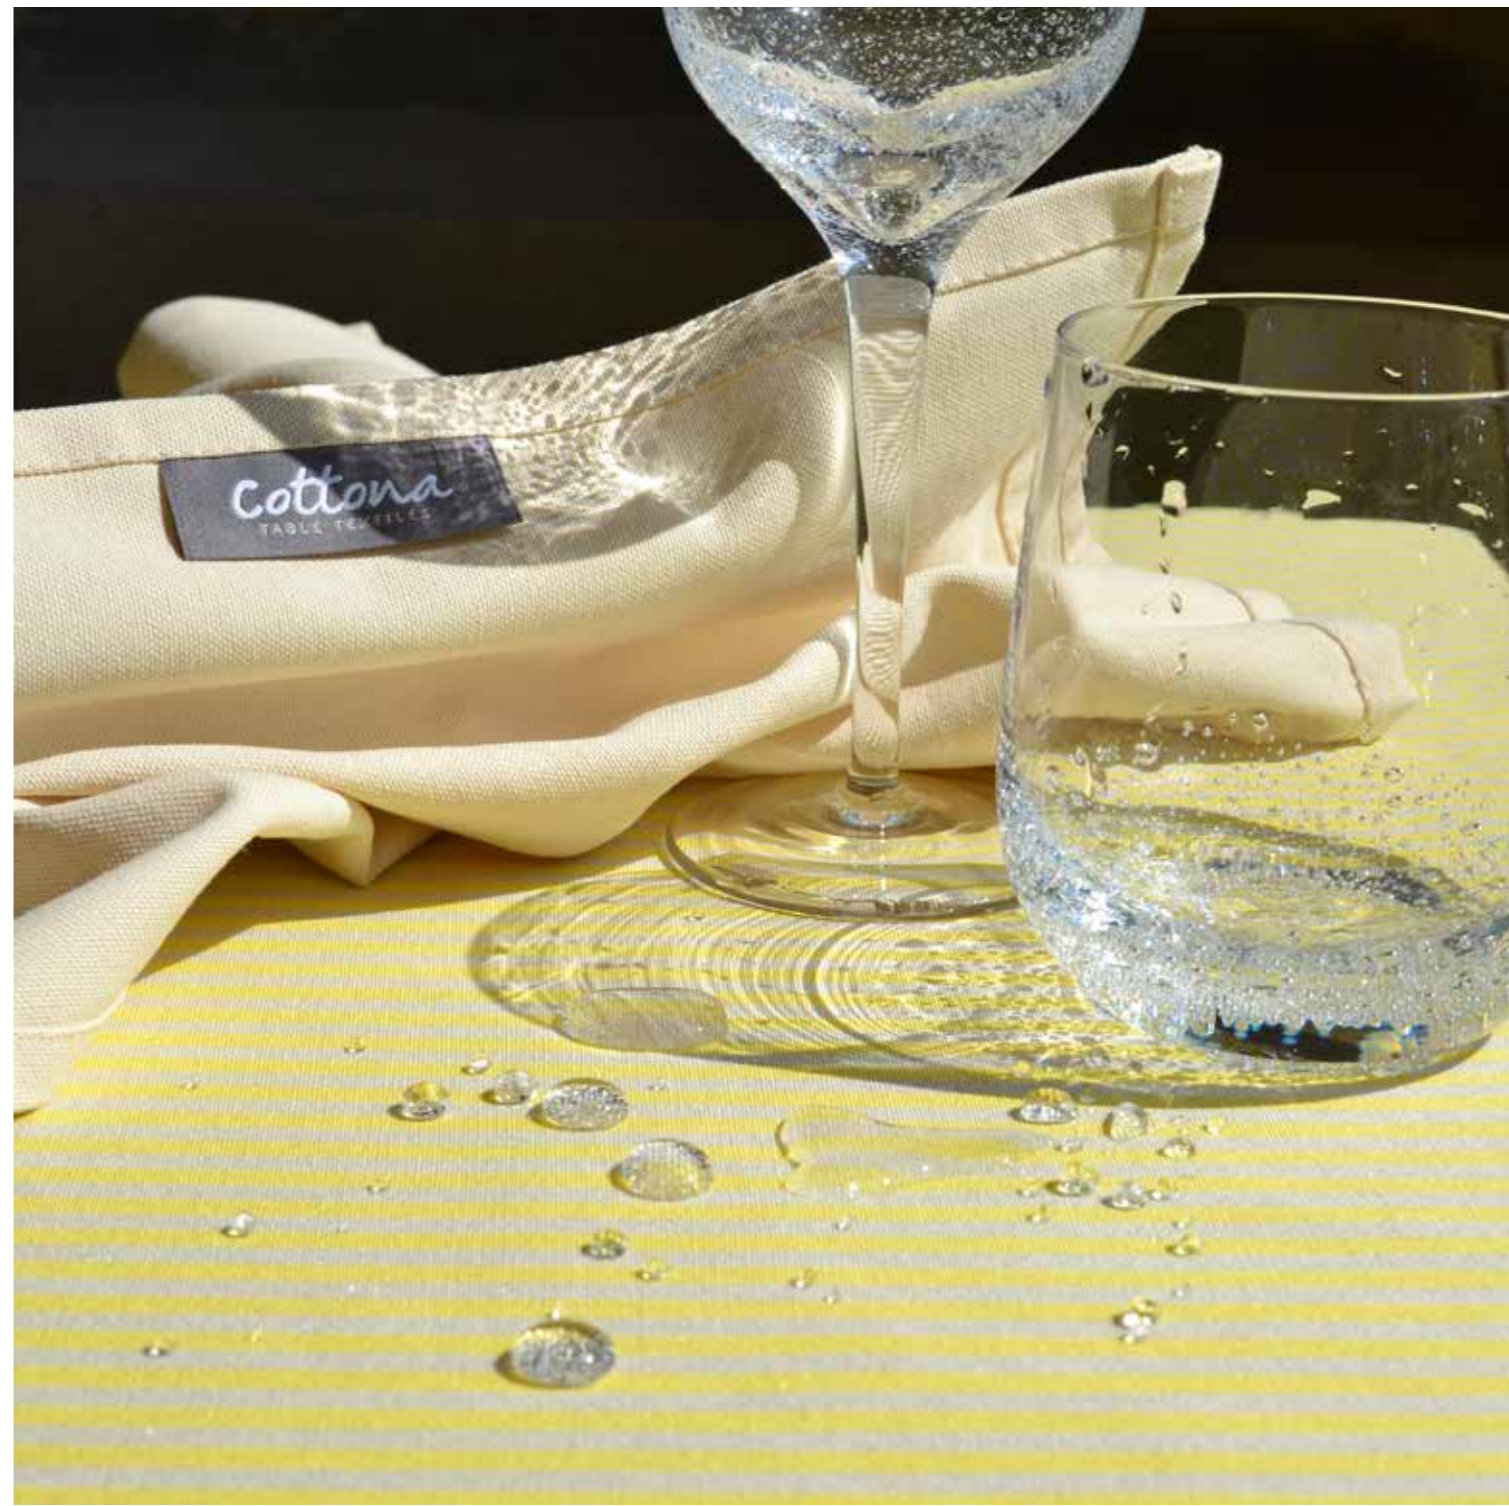

Outdoor tables come in all shapes and sizes, but then you have to try and find a suitable outdoor tablecloth. At Cottona you are guaranteed to succeed. Also, new to our collection, matching luxurious decorative cushions and seat cushions in the same fabric. Now you can make it extra cozy outside and enjoy a beautifully decorated terrace in style this summer. Have fun putting together your personal Outdoor Collection.

We wish you a wonderful summer!
